

**He was a war hero.**  
 The top document was signed by Charles de Gaulle in 1945.

The second document was so that Pierre Soyer de Bosmelet could be given some kind of war pension. He managed to get the French government to give this to him for his service during the WWII. There is more about Pierre fighting Germans in the draft of my graphic novel ["Gentien the Corporal."](#) Pages 42- 51.
